Dear Sir

Enclosed is Two Dollars in payment for the A. Missionary (which I trust you will regard as satisfactory) to date.

From the first I was enlisted in the enterprise of your Association & in the days of prosperity & active labors in the ministry was able to contribute somewhat liberally to its treasury

I rejoice greatly in the record of its past history & its recent triumphs on its now, appropriate appropriate field of action.

Gladly would I bear a part in sustaining the burden which its service imposes — but broken health has compelled me to leave

the ministry & pecuniary losses have brought me to the door of kind friends for my "daily bread"

The American Missionary is taken in the family where I now reside consequently there is no occasion for my receiving a Copy from your Office. Please discontinue

Respectfully

My dear Sir,

I owe you an apology for having delayed so long to answer your last - But the result of my conversation with Miss Young was not very definite - She did not feel like committing herself - wished to know more definitely what work she would be expected to take - the particular place she would be required to fill - I have the feeling that if her services and real interest could be secured she would be a valuable acquisition - She made no objection to the amount of compensation - and I presume would be satisfied with it.

Now if there is a vacancy get unfilled and the probability is that she might be wanted for it if you will be kind enough to enable me to answer her questions as to the nature of its duties - and the branches she would be expected to teach. I will communicate with her immediately. and let you know at once her views - ~~only~~ of course only committing you as far as you may authorize me

Yours very truly,

Joseph Bartlett

Should you wish it. I will furnish you with names to whom you might refer in making any inquiry as to her suitableness for your purpose.

Dear Sir

In consequence of important changes in our family it is very necessary for me to know how much time I am to have at home. I should like to be in readiness at any time you might indicate, however short a period it might give me for preparation, but if I could know when and where I am going it would be a very great accomodation to me. I know how busy you must be and how much you have to attend to, and am really sorry to trouble you with my little impatience - but father is

talking of going away from here - and for me not to know anything positive in regard to my own destination - you can't think how unsettled and uneasy I am. I don't think I am very unreasonable or childish either. almost anyone would be anxious to know about N. I really need to know - to say nothing of its being vexatious for people to ask me why I have given up all my previous arrangements - and when I answer I am going away - to have them ask me when - and be obliged to say - "I really don't know" If it is in Sept. as you once wrote it might be - you see how short the time will be - and there are a great many things I want to do before I go. When I hear from you soon - please!

Yours respectfully

Rev. E. M. Cravath,

Dear Bro.

Please send me by return mail Three Hundred and Forty Dollars and credit me with Ten Dollars, my usual donation to A. M. A., charging me $350.00 on account of salary. Let the Donation appear in A. Magazine as from a friend - Nashville, Tenn, as I prefer not to have my name appear in it connection. I would not ask so much, were it not an actual necessity. The expense of traveling with a family to and from Nashville are very great. This request is for Two Hundred Dollars in advance from Sept. 1st. It seems necessary that I have it immediately as only a short time is now left before starting for Nashville.

The money which I collect for Math. Instruments, I will deposit with Mr. Steward ~~till~~ I have opportunity to use it for that purpose, if that plan is agreeable to you. I will report to you more fully when that ~~thing~~ is completed.

I have largely spent my vacation in preparing for teaching Metaphysics, which I understood you to allot to me for the coming year. Perhaps some one there may prefer some other plan. I don't know ~~they are~~ whether they are informed of ~~the~~ arrangements you sentiment to me or not.

My health is good for me. In very cold weather we have had here has been a great comfort and help to me. I have a great deal of anxiety about the schools. But I hope to find a kind Providence.

Have had letters from several of the students, I fear there may be a small attendance at the opening of the term, as many will speak of not returning till a few weeks after the beginning. This must be one of the great and disheartening difficulties in their education. It looks to me that some changes to obviate this difficulty will eventually be necessary. But this has doubtless been well considered by you and others.

Yours fraternally,
Silvanus Hayward.

P.S. If Mr. Gravatt is not yet in N.Y. will Miss Emerson please forward me to money & S.H.

Mrs Emerson,

Dear Madam,

I have received your cheque for One Hundred and Forty Dollars on acct of salary.

Can you not send me Fifty Dollars in advance? It will be less than a month hence. If you can do this, and Secretary Whipple will authorize me to use the money I have collected for mathematical instruments until needed to be paid out for that purpose, I can get along. I propose to procure the instruments just as soon as I can have them made to the best advantage, and will not delay it in the least on account

advice of Prof. Lounsbury of Dartmouth College in the matter of Instruments.

Will Secretary Whipple please authorize this? I can't see for it can make any difference.

Perhaps I ought to have written Mr. Whipple in the absence of Mr. Gravatt but I have always written Mr. Gravatt as authorized his particular department was the one for me to hold communication with. For this reason I write you now. If wrong, please say so. You will see the necessity of an immediate reply. It is only a few days before the end of the month.

Such arrangement as above, I don't see how

I can get out to Nashville
at any time.

Please excuse the writing
as I am away from my
own inkstand.

Yours truly

Rev. B. M. Gravatt,

Dear Bro.

I suppose you have received my letter from Newford before this. I have since received from the fifty dollars in advance. I asked also the privilege of retaining the money collected for Meth. Instruments $120.00 now, till I could use it for the purpose designed. I should, of course, procure the Instruments as soon as I can do so to best advantage, acting entirely under advice of Prof. Quimby. I offered to deposit a note for the amount with Mr. Stewart, if desired, and in any case, pay it whenever the right Instruments can be secured. This request was to

suppose I place it to $2.000
asked in previous letter & I
refused on account of the state
of business. The answer is
to do as in my judgment
you would approve. I think
you would approve my returning
home in the circumstances.
My Life Insurance will secure
against loss. There was not
time to write you & get an
answer back before starting
and I need the money to get
to Nashville with.

You spoke of my footing
work, at least for the coming
year, & I understood you would
write me giving a definite statement
of it. Perhaps you have arranged it
all with Mr. Bennett & Prof. Spencer
yet, all right. As I understood
it, it was to be the Chautauqua Philosophy
Course, & to preach every

after Sunday, leaving Fourth on a day. I wish to be understood that preaching was not my seeking of my own, though I am very ready to do it, if desired.

Your answer will reach me at Nashville, as I start to get of Depot.

As I believe I wrote before, I have been staying for my health during vacation.

One thing, I wanted to say, I spoke of Prof. Lumby's not being very likely to come as to position of speaker, if offered. I ought in justice to myself to say, that he introduced the subject to me, having been spoken to by some one before. I should never have thought of liberty of course to introduce it to him.

I know two good men for

Professorships who would be obtained, if looked after in season. One of essential in the work at Xenia.

Truly & Respectfully Yours

Rev. E. M. Cravath:

My Dear Friend:

Until yesterday I saw no reason why I should not return to Nashville. I write to give an explicit reason for the release which I wish you to grant me. My brother secured a housegirl, who promised to remain, but a few days ago he asked expected my married sister to move to his home and take charge of his little boy, now one year old. His wife is very low with consumption, lingering longer than we had supposed she would. It seemed that I could be released and resume duties at Nashville. I left home for several days that I might enjoy complete

rest, returning last Friday. I found the baby sick, evidently pining for me, as I have had the care of him during the summer. I also learned that my sister had decided not to move to my brother's. I visited her immediately and found that her condition is such as not to warrant her assuming any more care. Indeed she is very anxious that I should remain, as she feels that she will need my care, I being her only sister. And the housegirl feels dissatisfied and has concluded to leave. This might not be a serious matter, were housegirls more plenty in this section, but we know of no one to take her place. Before writing you that I would return, I thought every obstacle would be removed, but it being otherwise, I feel it my duty to take

charge of my brother's house for the coming year, if you can release me from my engagement. I am very sorry to ask so great a favor at this late day, and hope you will be able to fill my place without trouble. I am sorry too, because I wished to return. My trunk is packed, and will remain so, until I receive word from you as to whether I am to return or remain. I may say that I have collected $20.00 to be spent as I might have desired among the students needing help at N. I will forward, if the donors consent to my sending it. With many good wishes for the cause, and the hope that you will not think it dishonorable in me to ask for a discharge, I am very truly yours

Miss Emily E Hersey.

Your favor of the 10th is at hand. I should have written before this, but understood you were to write me in case you did not return to Nashua. The only thing which prevents my saying at once that you can go with us is the fear that we shall not have the funds to enlarge our buildings, and pay more teachers. I was in Boston the other day, and found that all applications for the general work at the south, must be made to Rev Mr Cravath Field Secretary New York. I think it would be well for you

to write him so that in case there should not be funds to employ you at our station in Wilmington N.C. you might secure a place elsewhere. Or if you prefer to wait longer, you shall have the first opening with us.

I have called a Conference of the Ministers, and leading men of the County, to see what can be done in this fearful state of things at the south, to increase the means of doing more to push forward the work of education, among the poor, and needy, of our land. I hope good will come of it, and that we shall be able to put more workers into the field. I trust you may

find many willing, and
ready, hearts, and hands,
to aid in this great, & good
work. It is the cause of God,
of Humanity, and of our Country.

I shall hope to see Brother

Dear Sir,
Enclosed I send a letter which I have just received from Mr. J. J. Dodge, of the Wilmington Freedmen's School, in which he directs me to you. I saw him a few weeks ago at Nashua and applied for a chance as teacher, and told him I should be glad to go with them if he should have an opening. If not would be willing to work elsewhere as there should be opportunity even of the most humble nature. I have no hinderance to prevent my from devoting my life to the work if need be. and have been making

arrangements to be ready should Mr. Dodge need me, and of course shall be the sooner ready for another place.

I do not desire to wait longer for him and if you cannot employ me I must be content to remain nearer home till a more favorable time. My mind is made up to enter into the Mission work, if the Lord will accept me. It may be, however, that he does not wish me to serve him in this, have met with so many discouragements in seeking for work. Hope I shall be willing to do his will whatever it be.

Rev. E. M. Cravath,
Dear Sir,

Your favor is before me, and I will endeavor to answer your queries.
My parents were poor and could not afford me the best advantages in gaining an education. I have had to work my way as best I could, but have not been able to graduate. I attended the High School at Nashua several years ago, five terms and Kimball Union Academy three terms and a half, more recently. I think my teachers have always called me a good scholar in the various branches which I have studied, and were there time I would send testimonials from them. Owing to

the death of my father some over two years ago we removed from Meriden to this place and the people here do not know me sufficiently to testify to more than my good character since I have resided here, which my pastor will do. I have taught four terms of common schools in the country which were not graded. Hence I can teach the branches taught in common schools without any difficulty. Owing to ill health I have not attempted teaching for several years, but now Providence seems to have blessed the means which I have used to restore my health, and I wish to live, not to myself alone but for the good of others, and having no hinderances, my mother being provided for, I only fulfil her wish as well as my own in offering myself to the Mission cause. The manner of attaining my education

has rendered me self reliant and being poor I have been taught to work. I am considered a fair singer, can play the organ sufficiently to play church music tolerably, but have played less than I have sung. Hence I could teach the rudiments of singing.
I have sung in Church for many years and it has often devolved on me to start the tunes in prayer meetings. I shall be glad if you will engage me for this cause. You can give me some humble position if you find what I am best qualified for. Since my conversion I have been a member of the Methodist church till the last six years since which I have belonged to the Congregational church. I believe I am willing to agree to all the circular requires. If you see fit to employ me you will doubtless give me necessary directions as regards the journey to my destination. Hoping to hear

Dover, N.H. Dec. 30. 1874.

Rev. George Whipple

Dear Sir:

Sarah Green late of said Dover, deceased, bequeathed to the American Missionary Association "Four Hundred Dollars" to be paid within one year after the decease of her brother Walter C. Green. I am administrator of the estate & write to enquire whether or not the association would be willing to accept the present value of its legacy, as may be ascertained from tables, said Walter C. Green, being now seventy five years of age. The association would be entitled to about 2/3 of the amount of the legacy. Said Sarah Green died at the age of 86 yrs. Said Walter C. Green's father lived to the age of 101 yrs & he has a brother now living over 90 yrs old. I have talked with the pastor (Rev. Geo. B. Spalding) & with the deacons of the First Congregational church here - who know all the parties & they approve of my plan - My object is to settle the business as soon as possible & do justice to all concerned.

Yours respectfully
Charles B. Shackford.

W. E. Whiting Esq.,

Dear Sir;

Please find inclosed P. O. Order for twenty one dollars & seventy five cents from the Congregational Church & Society, Pembroke N.H., for the American Missionary Association.

We sent you some time ago, (in May or June last, I think,) about 30 dolls from our Sabbath School; but in view of the pressing need of your Asso. we have taken up another collection for you, amounting to the above sum. We have thus contributed to your cause something over fifty dollars within our financial year which, ~~closes~~ begins & closes with the first of April.

We hope to do as much for you next year.

For the purpose of increasing our interest in your Association, I am anxious to have some "Life Members" of your Society in this place. If not inconsistent with your rules, will you make John R. Kimball, M. D. of this place a L. M. by reason of our contributing within the year.

No/ I would inquire if I am a L. M. of your Society. I am, or ought to be. Money was contributed for that purpose, some eight or ten years ago by the Congl Church & Society, Phillipston Mass. when I was pastor there. Mr Mann, or Dr Mann was agent to collect for you at that time. He may have forgotten to hand in my name. I want to be a member.

Truly yours, Lyman White, pastor Congl. Ch. Pembroke, N.H.

Mr. Whitney,
My Dear Sir;

Your receipt, of Feb, 11th, for money sent to your Society, has been duly received. You ask how my Certificate of Life Membership shall be made out.

Please to make it out for money contributed by "Congregational Church & Society, Phillipston Mass."

I was pastor there about eight years. We contributed regularly to your Society, the year the Church voted to make me a L. M. I think we contributed nearly $100.

The one who sent on the money probably forgot to put in my name. The date of the Certificate is immaterial — You can give the present time, as the date, if you choose.

If this course should seem to you irregular, let the matter drop till I am made L. M. by a future contribution.

I want, at some time, to be a member of your Society, as I am interested in it, & mean to do what I can for it.

Truly yours,
Lyman White,

Feb. 14 1864 in about three & half years June 20 1872 had
the second shock and expecting third shortly I made a proposition
which was accepted & sent it to the association to the amount agreed
the same provision for the Baptist denomination & made the same proposition
which was accepted sent the same amount 940 dollars
my contribution before were intrusted to the Baptists annually
since writing the above Miss Eliza Parker my neighbor to whom you
and the Missionary has sent me 50 cents which I hereby forward
I have through the mercy of God lived to the present time & had

I told them the story as best I could assured that we ought to do for others while others were aiding us and also that there is no place where a dollar will do the freedmen more good than in the hands of the A.M.A. and through I told them they need not feel as the man did who gave one cent

for missions and then a dollar to get the cent to them but that they might ~~give~~ change this order when they gave through yr hands.

Rev G. Whipple, Dear Sir 2404

I take the liberty to drop a line to you concerning the negro and Popery. The more I reflect on these subjects, the more I am surprised at the apathy of the government and the people: had they done what ought to be done; the race would have been elevated and free, and delivered from the papal power, which if not checked, will their ruin and the nations. How distressing is the state of your treasury, I am a poor old laid aside man with limited means to have aided you some, and if I could put my hand into the pocket of some of your millionaries, something come out, I could see the above intimation in print. But Sir I took my trembling pen perhaps for the last time to say it was on the curse influence and unavoidable infalible God pointed out Thes. 2d 2 Second. Two weeks since, I read a sermon like this on a comparison of Christ or between Him and the Pope one the Saviour, the other the destroyer of souls in hell; for the judge of the world has declared that the beast and all who receive his mark, shall be cast into the fire. Mr. T. did not see fit to publish the plain bible teaching upon the subject. If you think proper I wish you would ask him for it, to see my views on these points

made up

We have too little bible, and too many stories.
I have that of offering Sroth. S. and Bro. of Brooklin $5 for 4 pr. all and $5 for its publication. Perhaps inexpedient. I do desire this bible work should be presented to the people. If our young people knew that the wilest idolatry and the sure and inevitable road to perdition is popery. O young ladies would not a monastery in Smyrna. Our children bible and our schools are in peril.

Cursed is he that trusteth in man &c.

Awake we must or all is lost.

The judgments of God for our amazing wickedness, still needs no remonstrance should lead us to the deepest humiliation, if there may be hope. I have seen in Sr. Joy to be an enthusiast.

yours most sincerely for the negro and for the nation.

Rev E. M. Cravath

Dear Brother,

I forward you to day, Reports, and accounts, for the year closing May 31st —

I believe every thing is settled to that date, and the papers I send include all reports you call for I think.

Every thing is in good condition and Miss Warner will stay by, keeping up Sunday School, and Bible Reading, thus keeping our hold on the people as far as she can.

I shall be glad to hear from you when convenient, and learn of the outlook

for the future.
I visited Dudley after you were at Wilmington, and gave them such help as I was able. I found them in a better state than when there before, so far as unity, and a disposition to work with Mr. Tucker were concerned.
There was trouble with the men living on the A. M. A. place. It seems that he is a great rascal, thief &c. I gave him notice to leave the place as soon as he could do it, without distressing his family, and instructed Mr Tucker, & Deacon Simmons, in his presence to see that he did so.
I also gave notice to all that were interested in the land to look up their papers and

be prepared to settle up with the A. M. A. as per agreement. I found the land matters in a very loose way. Brother Whipple has all the A. M. A. papers, and some one should be advised in regard to the facts, as far as they can be known, and have matters closed up, as some of the settlers, think they are likely to be cheated out of what they have paid.

I mention these things that you may be informed in regard to matters at that point. The interest in the Church, and S. S. I think was better than I had ever found it. The Books & Papers I had sent to them had awakened new interest.

Very truly yours
D. D. Dodge

Dear Sir,

Enclosed is my account for the year, I am not sure as you are the one to whom I should send it, but, I forgot to ask Mr. Dodge about it, and if it should go to some one else will you please forward it to the proper authorities.

I did not suppose it necessary to put in the amount for traveling expenses to Wilmington, as I received the amount last Dec. I do not know as I should receive pay for the time I was sick, I asked Mr. Dodge about it, and he said that he did not think I should make any deduction, considering the

circumstances, but if in your estimation I should, I shall think it all right, and be perfectly satisfied if you deduct twenty dollars from the amount.

Miss Fitts and I were sorry that our expenses were so much on the way home, but she said we were charged more at the changes than she ever paid before.

Please enclose check at your convenience to Hattie M. Blood, Hollis, N. H.

I send in my bill as requested. I suppose you have the bill of my expenses to Wilmington. I am not quite sure whether I have given the correct amount in this bill, but think so.

I have made out the bill for eight months salary.

On account of Miss Bofer's leaving, our school was not in actual session the last week. I remained, and worked

about as hard as usual, but as my work was not paying work, I presume I am not entitled to pay for it. You can make the deduction if you please.

The amount may all be sent in check, as most convenient.

Rev. M. E. Strieby,
Dear Bro,
I received a letter this morning from Brother Cravath informing me that he had resigned his position as Field Sec. and requesting me to make such statements to you as would enable you to understand the condition and wants of the work under my charge. I believe that Sec. Whipple and yourself are pretty well informed in regard to the present state of things at Wilmington. I think if the work is to be continued there

the facilities should be enlarged, and things done with reference to permanency. Any information you may wish on particular points I shall be happy to give, so far as I am able, — or if you prefer, I can come to N. Y. and see you in regard to the work.

As you know, I hold myself ready to do anything which may be best for the cause. I hope to hear from you at your convenience

Yours respectfully
D. D. Dodge.

Rev. E. M. Cravath,

Dear Sir,

In reply to yours of the 22nd Inst. I must say, that I think my sickness was caused by work done for the assoc. or perhaps I should say, by ignorance in not knowing how to do that work properly, and will give you my reasons. I was as well as usual when I left home, and for the first two weeks of my stay in Wilmington, at the end of that time, I went one evening with one of the other teachers into a damp miserable place filled with vile odors, to look after an absent scholar.

I felt unwell

before I reached home, and did not feel like myself again until after I recovered from the fever, although I kept in school two weeks after that.

Whether my having the Measles the July previous had anything to do with it or not, I cannot tell. Dr. Winants said my exposure that evening was sufficient to produce the sickness, but if I had staid out of school a few days at first perhaps I might have avoided it.

I was unwise enough also, to worry considerable about things over which I had no control, instead of just doing the best I could, and trying to be patient, and I am satisfied that the worrying made a bad matter worse. I did not grow sick at once, but a little worse each day until I could not rise at all.

The fact that I had been sick the previous summer might have made my system weaker to resist disease, although I felt well and strong.

Yours Respectfully.

Dear Sir,
I have the pleasure of announcing to you my safe arrival home. I reached this place on Saturday, and am well and quite refreshed. I left Selma the thirty first of May, but have been visiting friends on the way which accounts for the length of time since I started. I am not at all weary of the work and shall hold myself in read-

iness for it is needed another
fall. I am not satisfied
with what I have done
and feel that the pursuing
of this year, may result in
my doing better another
year if I may have more
opportunity at it.
I hope you will be able to
let me know where you
intend sending me earlier
if you employ me as I was
so hurried that I forgot
some important things.
I will send you a bill
of my expenses from Salem
such as I incurred aside
from the extra expense of
visiting which I do not of
course include in this.
Hoping this report will
meet with your approbation,

Dear Sir.

Your favor of June 30th enclosing check for balance of account was duly received. As I have no bill to receipt, I suppose this will answer instead, but if you prefer to have me make out a new bill and send to you receipted, please inform me and I will do it. And will you please let me know when convenient, whether you will have a place for me next year. I suppose when you make the changes in the operations, you will perhaps have no need of so many teachers, and I have thought you would prefer to retain those who have been longest in the work.

and if you will not need me, I would like to know it in season to engage a situation here.

Dear Sir,

Enclosed I send you a Post Office money order for thirty two dollars and seventy five cents ($32.75), which was given by individuals connected with the Second Congregational Church and congregation of Wilton, Hillsborough Co., New Hampshire, for, The American Missionary Association. Owing to some obstacles that occured at the time the money is usually collected for this object, it is sent later and a smaller amount obtained than usual, which I very much regret; but hope in future the amount may be much increased for your most worthy cause.

Miss Delia Emmerson,

You will doubtless be somewhat surprised at receiving this from me. When however you consider the sweeping declaration in the letter containing the check, of my lack of success in the school room and want of adaptation to the Southern work, you cannot be surprised that I wish to know in what I have failed. This is the first intimation that has come to my knowledge of the fact, if it is a fact. I do not claim that I

had as good success as would an experienced teacher have had, but I had supposed it to have been as good as could have been expected the first year in so difficult a school.

Of course I can readily understand where you got your report. As Mr. Messick and Mr. Pope would be the only ones who had a right to send in a report concerning the ability of the teachers. If Mr. Messick has sent in such a report I cannot understand it, for he was consulted by the teachers quite as much as any other trustee, for he told me only a week or two before I left that my school appeared as well as any in the district

ing. Mrs. Pope, the teacher in the room above me said my classes were further advanced when sent up to her than any she had received from me.

I was led, of course, by such remarks to think I had had tolerable success. I do not remember that Mr. Pope was ever in my school room fifteen minutes at a time while I was in Selma and not more than two or three times at that. And Mrs. Pope never was in but once, I believe. I cannot suppose he learned of my success there by actual observation, certainly he never had the kindness to do so much as hint to me that I was not doing well in the work outside.

It hardly seems kind to condemn persons when they are absent and cannot defend themselves.
I can only account for it on the ground of the trouble which occurred in the family. And that puts a harder construction than I like to put upon their treatment of me. Parent feels a stranger to every member of the family. I parted with them kindly whom they considered so bad and untrue. But nevertheless they left me to her baneful influence without one word of warning concerning her character which they professed to know so well. And because I not knowing anything against her, sympathized with her and tried to show myself her

friend, I am cast out. Mrs. Pope came to me after she was gone and told me some things which if I had known at the first might have made a great difference in my feelings towards the rest of the family, and saved me a great deal of suffering, for suffer I did intensely. That is if what she said was true. I had no means of finding out. I found on visiting her that some things said of her were not true, not by asking her but by observation. As I did not tell her of what was said to me, preferring another way of finding out. I have endeavored to put as charitable a construction upon what was said and done there as I could but I could not help condemning both sides as uncharitable

Whether I should have been any more charitable if I had known the causes which produced the trouble at the time, I do not know. I wrote Mrs Pope of my visit to Miss Benton, I said also that I could not so utterly condemn her, as they did nor did I think they were wholly to blame in the way they treated her. I think perhaps that is where my lacks adaptation to the Southern work comes in. Perhaps I am harsh in drawing that inference and hope you will be able to inform me differently. It is not pleasant to receive such a reason for being dismissed from the work without giving the grounds for it.

I did not expect, much less desire to return to Selma after my experience there last winter, and had you merely stated that there were no vacancies on account of the return of old teachers, I should not have been surprised, as I expect old teachers will be employed in preference to new ones.
I hope you will have the kindness to inform me in what particulars I was unsuccessful so that I can make up the deficiency against ever going into any work of the kind again.
I address this to you as I knew Mr Strieby would know nothing of me only as he received his information from the friends at Selma, and I knew you

had abundant means of obtaining the requisite information. I hope you will not be offended as no offence is intended. I should be very much disappointed if I did know that the Lord knows what he wants me to do better than I do and I can wait his time.

Respectfully Yours

~~Mobile, Ala.~~, July 21 1875.

Rev. M. E. Strieby,
Dear Sir:

Mr. Cravath asked me to lay before you such statements of the work in Mobile as might help you in planning for next year.

We have had an average attendance in the normal course of about 100 and in the lower depts about 100 more. Fourteen ministers have been studying in the Theo. class. 36 have been in the family as boarders. The girls have done all the work in the house and the boys have done $250 worth of carpentering and as much of garden work.

The boys have been under strict military discipline which has entirely accomplished their school government and made the Emerson Institute Cadet noted in Mobile among white and colored for gentlemanly

carriage and conduct. I believe the sentiment of honor is greater among our older scholars than is often found in northern schools. The organization and influence among the girls has lifted many of them into our perfect confidence for virtue modesty and womanliness. We have gained a very extensive influence in the colored churches and have through scholars and teachers a directing influence in most of the S. Ss. If this influence is general it has certainly been very decided. We have organized a S. S. and when I return in the fall expect to organize a church from the Cold members of the white Pres. churches. They have a good building and whether they take the name of a Union or Cong. church will work heartily and intelligently with us.
This has seemed to us very encouraging to us though we have hardly overcome the evil effects of the failure in the past and begun the progress that may be made in Mobile. These evils are hardly appreciated by any one not on the field. Two former Workers were recently

arrested for forgery in Mobile and was spoken of in the papers as agent of the A.M.A. and former Supt of the nigger school on Govt St. A gentleman of much influence in Mobile among both northern and southern men and who has shown me much kindness told me that for a time the school had the very worst repute possible to below that of ill-fame. I speak of this to show that we cannot have reached the extent of growth in these two and a half years since the school took its present work. If the school could be carried on this next in the same way as last I estimate an average daily attendance through the year of 20 Theo. Dept. 125 Normal 50 Grammar 50 Intermediate 60 in Primary a total for the year of 450

We should probably have an average of 35 or 40 boarders who could pay their own way besides as many more as friends will help. We have over $200 to expend upon the Labor Dept. We have 2 sewing machines a scroll saw and a printing-press all of which should bring out skilled labor.
We also should organize a church and as early as possible put up a building. To do the work as I have suggested we should have a Supt. Matron. Music teacher. one gentleman and five lady assistants. The gentleman and myself I think could do the church unless a minister could be sent in addition. I can find the teachers if you wish.
One gentleman much interested in our work has written me hinting at being one of four or five to carry the expenses of the school. I think I cant find one more and he may find another. Please tell me if LeMoine is carried on in this way and if so the modus operandi.
I am astonished at the ignorance I

find concerning the southern work. I have spoken twice Sabbaths and have not held my tongue upon the great work on week days.

Dear Sir

When I passed through N. Y. Mr. Cravath asked if I would go South next school year. I thought not. He said "when I had become rested, I might write and say what I would like to do. Hearing that you are now Field Secretary — I write you instead; and that I am ready to return to Chattanooga — if it is your wish. My sister Hattie can go with me — I have before written of her. She had never traveled and my brother thought it unwise to

send her. She is a good christian girl. Has taught in the country three or four terms. I know she would be a help in such work as I find to do outside of school - though she could not do as much. I have an offer of a school in Mass. and for this reason should like to know what you decide in regard to this letter, very soon.

Suppose you can say, whether it is best for me to go, without calling a meeting - as I am known. If my usefulness is lessened - and I am better located North - you and the A. M. A. know. Prof. Wyatt - Supt. may object. Do not know. I hear he is East; and has rec'd instructions to provide "Howard School with teachers." by city - Sch. Board. Miss Scott

will probably desire to return to C. I hope that any reports that former teachers have given Mr. Wyatt - will not avail with him to discard my efforts. I am conscious of having done my duty in sch. and more hours - and more work given my sch. than others - and as good.

Miss Emerson,
Dear Friend:

Your letter asking if I expected to go south next year is just received. I am in very good health and spirits. This mountain air has proved just what I needed and I hope to go south in almost as good trim as when I first went and I trust much wiser. I have been waiting very anxiously to hear what arrangements were made for the coming year. I wrote to Mr. Storey

giving my estimates and am very anxious to know just what we can do at Emerson next year. I think I had better remain here till about the middle of Sept so that arrangements will have to be made on paper.
Miss Hall, Stevenson, Lord and myself are expecting to go back.
We need another gentleman who can teach and preach I could have secured just the one if I could have known certainly a week ago and perhaps it is not too late now. He is a College graduate and has finished the course in the Theo. Sem. I can also secure two or three ladies of just

the right kind.
Please let me know at once just how much I can do. I regret I cannot be with you in Brooklyn but think I ought to stay here.

I have yours of 12th inst quoting the offer of John Cooper Esq of a Sorghum Mill & Evaporator as a donation where it can be used to advantage. I have written to Mr Stone making the enquiry. It seems to me that we could save quite an expenditure for Molasses by such an

Rev. E. M. Cravath,

Dear Sir;

Having rested on arms for three years, I begin to feel as if I was ready for active service again.

Is there a place for me?

As I have been having considerable experience in housekeeping during these three years, I should prefer to be matron rather than teacher.

I worked so hard in school at Fort Gaines, and suffered therefrom so much in a disarranged nervous system, that I do not wish to go into school again.

I have quite regained my health, but I think it is wise avoid the care of a large school such as I had during my first year's work in Georgia.

Hoping to hear from you at your earliest convenience,

I remain very truly,

New Boston Sept. 3. 1875

Dear Friendly Secretary

Within I send a few $30.00 to help instruct these poor ignorant blacks at the south that they may know the truth, & that the truth may make them free, and if the Son make them free they shall be free indeed. Keep up good courage too, "If it is darkest just before day" our great Joshua will certainly appear & lead his people in to the promised land, ~~Yours respectfully~~

Rev. M. E. Strieby:
Dear Sir:

I find on my return to Plymouth two letters from you. First let me answer in reference to the church work. It seems to me this is the critical year in the church work. We ought to organize an Institute church for our scholars and any in the neighborhood of the Institute who wish to unite. Services might be held in the Chapel at least for the present. The colored members of the Presbyterian churches have

built a church capable of holding 800 people worth $1800 in a central locality.
If I had been able to do the work last year they would without any doubt have organized as a Cong. church with the hearty co-operation of Dr. Burgett and some at least of his best men. They were offered to have some white teachers assist us in organizing a S.S. in the new church. We have a strong hold of this colld. church now and the members are among the most intelligent in the city. They have not yet organized as a church. They were ready to organize as a Cong. church, and even if they should fail to do so we could preserve to

our work a very important auxiliary by preaching for them. It would thus also keep the sympathy and cooperation of the Whili Church which I esteem an excellent portent.

This work might all be done by simply the addition of a gentleman to our force who would also be able to teach one class in Theology. Just the right young man graduate of Knox and Union is ready to go. Can I ask him to go?

Will write again tomorrow.

Respectfully

E. Payson Lord

Rev. M. E. Strieby

Dear Bro.

I have at last heard from Wilmington, having had an informal application for some teachers for public schools. I shall probably want two or more. Have some in mind whose answers are yet to come in. I may be unable to get what I want. Presume the official request for the teachers will come provokingly at the last minute. Have you at call any who would fill these places, able to take first class cer-

ificates from the school
authorities, and No. 1.
in other respects?
It would be better to
not provide any than
to have the schools no
better than they have
been the last two years.
It is desirable, other
things being equal, to
have singers, & you
know very well the
bearing the choice may
have upon the church
work.
Are there any new plans
in regard to Wilmington
since I saw you?
If not I shall leave soon
after the 20th. Please write
us early as possible.
Yours very truly
D. D. Dodge

Rev. M. E. Strieby,

Dear Bro.

Yours of 15th inst is before me. In reply I would state that I supposed I was provided with my number of teachers until very recently, when one failed me. I then looked for another. At the same time I wrote to you, I wrote to Mr. Woodworth, who suggested that I go to see Miss Coffin, who had had an application in since spring. I did so, & found that although there had been a prospect of her being ap-

pointed to Ala. she supposed it had fallen through as it was so late & the appointment had not been received. She did not in any sense consider herself "positively engaged" when I asked her to go to Wilmington. After that, the appointment came, & she informed me of it at once. I do not see that I have deserved the blame which is implied in your letter.

I will send you the names of our teachers so soon as I can make a correct list. You will not need to provide for our school, but if you

have any who would do for the public schools, willing & submit to examination & able to take first grade certificates, I should like to know of them. I may fail to get those I now expect will go.

I have received Mr. Howe's official request for 2 teachers.

Yours respectfully
D. D. Dorsey

Mr. Crovath,

Dear Sir;

As I have heard nothing from you in reply to my letter, I conclude you find no place for me. I guess it is well so, for my mother who is in her seventy-six year, seems unwilling to have me go away from here. My first duty, of course is to here; but I did want to go South so badly this winter.

However, I will do something for the "cause" if I do have to stay at home.

Dear Friend,

As I need some money, I will send in my account. I have either destroyed or mislaid my bill for traveling expenses to Wilmington in the Autumn, but I have the impression I sent a statement of the amount, and received forty dollars soon after reaching Wilmington. I suppose you will have the account.

As our school closed near the middle of May, I shall be entitled to pay for

only seven and one half months, I suppose.

My expenses for traveling from Wilmington to Candia were Thirty five dollars, fifty cents. ($35.50).

Shall I trouble you to send a Check for Thirty dollars to J. F. B. Marshall, Normal Institute, Hampton, Va.? It will be a very great favor to me, if you will do so. Please say it is on account of Mr. McNeil, and it will be understood. If you will also ask him to acknowledge its receipt to me, at Candia, N. H., you will greatly oblige,

I forward you School report, and accounts for May. The small bal. on hand I please sent to Miss J. H. Kay, Wilmington N.C. care D. D. Dodge.

I should like the bal. on personal I sent to me at Nashua N.H. as soon as it is convenient.

You will see by the general I that I have used 50,12/100 Dollars, received for Miss Kay for current expenses. I have done this to make the call on the A.M.A. as small as I could at this time. I am expecting some additional help to pay her travelling expenses, so that what I have used may not be needed for that.

Please acknowledge in next Missionary amount received

as follows.

I find the prospect for extra funds rather discouraging, every one feels very poor. I now expect to visit Mr. Williston soon, and hope to get some extra help from him. Can you able to see any more clearly, as to the future of our prospects. Is it to be a forward movement, or are we to be obliged to give up the field in many places?

Please advise me, if you wish to make any change in our part of the field.

My Dear Friend.

Nearly three weeks ago, I sent a statement of my account to the Office. I have received no reply and as remittances have always come so promptly heretofore, it occurred to me that it might not have been received. If the delay is from any other cause, I have nothing to say.

I have since received a blank from Wilmington, but supposed it would really make no difference.

If the calls upon the Treasury are such, that it will be any accommodation, I can, for the present, leave in your hands, fifty dollars on account. Please suit your own convenience about this.

As I had received no word from N. Y. and no receipt from Hampton, where I asked to have thirty dollars sent, I feared something might be wrong, which is my excuse for writing.

Please excuse me, as I can get along without the money, if it is not convenient to send immediately. I only wished to know if all was right.

Dear Sir.

I was glad to receive yours of the 10th. I have a great desire to "re-enter the Southern Work", and indeed it would be a pleasure to return to Memphis — You will sympathize and pardon me when you learn why I am not able to write you that I might not be at liberty to go to Memphis in October. My dear father is very ill at the present time, he has failed so rapidly the past few days. We now fear he can remain only a few weeks. Since leaving Memphis I have been my duty and pleasure to care for my afflicted father. When he is called home if

I am left. I shall be at liberty to go into the work. Whether my honored Father directs I doubt not I could give you a decided answer in a month or six weeks. Yet I fully understand it is important that you secure your teachers soon as possible.

I will add although I have never met Prof Steele I have a high opinion of him.

Having taught in Mobile and Memphis I have a deep interest in the Church and Schools.

Rev. Mr. Whipple,
Dear Sir,

My sister and I are anxious to get situations, as teachers, in the South. We are both old teachers, each having taught several years in our own State: beside nearly 3 years in the public schools of Mass.

We have had experience in both mixed and graded schools, and our success has been such that in almost every school, we have been re-appointed, or promoted to a higher grade.

We like teaching near home but we hear and read so much

of the ignorance and destitution of the South that we wish to work where we can do the most for the Master.

We do not expect to make money, only earn enough to cover expenses, (because we are dependent upon our own exertions for what we have). So I trust we are prompted by a true missionary spirit when we offer our services to the Association.

Are there not vacancies in the schools to be filled for the coming year, and will you not think of our application, and write me particulars soon.

We can send you names for reference, if you wish to enquire, or our pastor's testimonial and some printed reports of our schools, if you wish for them.

Please ans. soon and direct to Celestia Goldsmith:
Chester,
N.H.

P.S. We desire situations to be together if possible.

Miss Celeste Goldsmith informs me that she has made application for herself & sister, Miss Lesta. for situations as teachers at the South under the A. M. Assoc.

Both the young ladies are members of the Cong. Church in this place of wh. I am pastor. One 30 - the other 23 years old. Both have been engaged in teaching in common schools. (having sometimes higher branches) & with uniform good success. They are both excellent young ladies, & deserved

Christians - The Elder Celeste, has always tried to do Missionary work in connection with her schools, & in a most judicious & loving way - Lester has more recently. Engaged in Christian Service - but is very decided in her Christ. Character. & I think will prove a valuable helper -

- Both sing - but do not play. I think you will find them just such helpers as you want. - Devoted. conscientious, & Efficient in all wh. they undertake.

- Their Mother is unwilling that they sh.d go separately, for reasons you can well understand - & they w.d work better - in conjunction.

- Celeste was one season at Jacksonville Florida - & worked in a Colored Sab - School, with much pleasure - One reason

I think of turning her Note to this department of Tax Com.

This certifies that Miss. C. S. Goldsmith of Chester N. H. was engaged in teaching in a mixed, and also in a grammar school, in this town for two years, during which time I was a member of the school committee.

Her success as an instructor and disciplinarian, was very satisfactory. and I can cordially recommend her as a lady of high moral and religious character, cultivated mind, aptness in teaching, firmness in discipline, and worthy of the patronage of any one in want of a teacher.

Rev. M. E. Strieby,
Dear Sir,

Your favor of July 26th was duly received and should have been answered sooner but for the delay occasioned in getting my recommendation from West Newbury

I spoke to my pastor, the Rev. C. Tenney, about writing testimonials, but he preferred to write you a letter instead, which I suppose you rec'd some days ago, and as I do not know how much information he gave you, I will

proceed to answer your questions.
1st. We are both members of the Congregational church in this place.
2nd. We received most of our education at the Academy here in Chester.
3d. Neither of us can play the organ, nor do we profess to sing much, but we both like music and can sing by rote pieces that we have heard a few times.
4th. Neither of us are very strong, but we usually enjoy very good health. We have never been obliged to dismiss school, but once, on account of sickness, and then only for one day.

I spent one winter in Florida, and so I feel somewhat acquainted with the habits and peculiarities of the colored people of the South, and it would not seem very strange to be among them again.

I did not teach, except in a Mission Sabbath School, and that I really enjoyed very much.

Enclosed you will find some printed reports of schools taught, and two recommendations. I have other testimonials but they are so much like these I send, that I will not trouble you with them.—

Please return all except the letter, and oblige.

Hoping to hear from you soon, I remain.

Yours Truly.

Miss Vesta A. V. Goldsmith of Chester, N. H., taught it the second term, and the school soon resumed the appearance it had in former years, well ordered and studious; and the recitations showed good improvement in the several subjects pursued. W. Newbury Mass. 1873.

The School in this District is very large, and has been called a hard school to govern; but Miss G. determined to do the very best for the school, and having a peculiar gift to govern without the rod, she kept the very best of order, and gained the love of the scholars so that they were pleased to give the best attention to their books. Their lessons were all good and many perfect, and they advanced rapidly. In short, she managed this large school with perfect ease, and made arduous labor a delightful pastime. Such gifts should be devoted to teaching for life. Hinsdale N. H. 1872.

School House No. 5. Miss Celestia S. Goldsmith, of Chester, N. H., has taught this school the past year. Miss Goldsmith is a conscientious and faithful teacher. Her instruction has been thorough, and a good degree of improvement has been made by most of the scholars. Some of the classes have done exceedingly well. The writing books showed that this important branch of education had received particular attention, several of the scholars making very great improvement. The general deportment of the school has been good. W. N. Mass. for the year 1875 & 6.

Miss G. labored faithfully and energetically, and succeeded well. No examination which we attended in the Summer manifested more ambition and proficiency on the part of the school, and better tuition on the part ~~of the part~~ of the teacher, than that in No. 9.

A class in Grammar especially deserves honorable mention; it had received lessons in writing the language, and some good specimens of composition were shown. Penmanship had been *taught*, and good improvement made. The exercises were, without exception, praiseworthy; while the order of the school was as near perfection as is desirable.

MIXED SCHOOL.

School House No. 1. Teacher for the year, Miss Celistia S. Goldsmith, of Chester, N. H. We are pleased to report this school in a very prosperous condition. Miss G. gave universal and well grounded satisfaction. She possesses tact, patience and firmness, and greatly excels as a primary teacher. The instruction of the term was faithful; the discipline salutary and efficient. At the close the reading of all the classes was excellent. In grammar, definitions and rules were well committed.

DISTRICT NO. 2. Auburn

Fall 1870 -

There was but one term in this district for the year, that was taught by Miss Celestia A. Goldsmith of Chester. Miss G. is an experienced and practical teacher, method of teaching pleasing and attractive, the pupils being interested and attentive. The closing examination of the school was interesting and creditable to the pupils and teacher. The classes in Geography, Arithmetic and Grammar. all showed good progress, the writing books for neatness and improvement were highly commendable. The Committee did not observe a whisper by the pupils during the examination. The exercises were cheerfully and pleasantly closed with singing by the pupils. Miss G. in making her report, returns her thanks to the parents of the pupils for the interest they manifested in visiting the school. She also reports twenty scholars who have not whispered during the term without permission. And that Frank, Minerva, Lois and James Morse have not been absent, tardy or dismissed during the term.

Sir:

Please find enclosed two dollars for the A. M. A. It will help a little, & wish it were more. I read, quite lately, the two Anniversary addresses in the August number of American Missionary, and I thought it would be a relief to help a little. I think Home Missions at the South, more important than Foreign Missions. Put only initials in the "Missionary"

Dear Sir -

Yours of 18th probably reached this Office the 19th being the first day brother Sidney has not been three miles to the Office - and sent to the Telegraph Office daily for a week. The delay - accounts for your reception of Postal Card of three days since. Sister and I cannot possibly get to C. the 25th and start Mon. and Satis a bad time to begin a long journey. We shall get there at the opening of sch. no doubt. Do you know yet when it begins, and by whom? I do not know the Mr. Case you heard from about my return.

Yours dollars each - I was told by the Agt. in C. in June I shall be in Conn Jan. sure as I can get the Rev. Mr. Stocco - after leaving Mon. to Mass. Mon. my Hour Sun. Hope to find tickets - will Mr. Hamlin in Conn Jan. Yours. M. E.

Via Albany I shall go to Conn Jan - but the R.R. will let me have tickets direct.

Rev M. E. Strieby -
Dear Sir -
I rec'd your
asking me to recommend a
music teacher for Memphis, also
a teacher for Raleigh N.C. &
regret I am unable just at this
time to find teachers such as
you ought to have to fill these
situations acceptably - A few since
two young ladies from a Christian
family in Boston desired me
to recommend them as teachers of
music and painting & they would like
to go South - They now have situations
one in Boston the other in Phila -
I very much desire to return to
Memphis but ~~can~~ not think of

leaving my father while he is so very feeble. he is more comfortable than when I wrote in January. I should not feel happy to be away from him more than a week or two. Hope to go to Phila. next week, and it would give me much pleasure if I could return to my situation in Memphis. My honoured Father I trust is directing and guiding me in his own good way. -- Pardon my delay in writing as I hope hoped to secure at least one teacher for you. I shall feel a special interest in Judson - if I meet, or learn of worthy teachers for the A. M. I'll write you of them -

With kind regards

My Own Friend

I have always very carefully refrained from suggesting to my little girl, now nine years old, the propriety of her giving any of her

small sum of money to any
benevolent object; not only
because I wish her gifts to be
free will offerings, but because
I have seen so many children
puffed up, and made self-
righteous, by the injudicious
remarks of friends. The
small sum enclosed, is a
voluntary offering on her
part. The suggestion of the
Holy Spirit, we hope, and
as it was her first, to any
cause, if you could, kindly
secure her up on a postal card,
that the money had been
received, and would go to God

Some little child in the suggest,
her mother will feel very grateful.
Please give my love to your
wife, and our Newark friends.
We should rejoice to welcome
you and your wife here, together,
as you already know.

Yours truly

Editor Amer. Missionary,

Dear Sir,

Enclosed, please find one dollar for Missionary as follows,

Mrs Hannah Gofs } Silas P. Chase Late Concord, N.H.
Mrs L. H. Woodworth
Mrs C. L. Gerould } Lizzie M. Jefts, Marlow, N.H.
Mrs Allen Folger } Mrs Frances Fernald London, N.H.

The Mis. for Mrs Gerould has come from first issue (to my husband Rev M Gerould till his death) for Life Membership, though sometimes we have dist pay, therefore the 25 now sent is not for another, but for the one now coming. I am distressed that no more subscribers can be obtained, & that there is such an apathy toward this cause of such immense consequence to our country. What pity the pamphlet must be exchanged a "paper".

I see in Hartford paper, call for books for Talladega. If they have not already received a supply, please reiterate the call. The books ought to be had. We have had some correspondence with a teacher there, but she has not written of the book-need. "Line upon line" is essential. An immensely important but a trying work is, to elevate & to save our Freedmen, & to save our country!

Yours in gospel bonds,
Mrs C. L. Gerould.

To the Treasurer of the American Missionary Association

Dear Sir,

Please find enclosed the sum of $5.00. and if it be sufficient evidence of interest in your work to give me a hearing, allow me to say that I think the comments on the letter of a Georgia "Farmer" in the last number of your paper were unjust. Not that it was an amiable utterance, or that the suggestion of starving a man to change his politics isn't execrable; but I do not see that the greviances which you pick out are the things complained of as greviances, but rather that the Negro has drawn the "color line"

It seems to me the Association should seek the cooperation of all benevolent and public spirited Southern people (I don't mean that "Farmer") Presume it does so,

Truly yours

John N. Moses

Sir -

I suppose you need no apology from any one interested in your cause - my interest began early in life & increases constantly - but I could not go out to secure subscribers in Jany, & yet the times, & the low cost of the Am. Missionary impel me as opportunity offers to secure subscribers, & I propose to continue every month of the year if it may be -

I intended to say when interrupted in this crooked sentence - that you probably do not care at what time a subscription begins, if only you get the readers, - & they will become alive to the needs of the times -

Dear Sir—

Your favor of 2nd inst. is just rec'd. — Your "Annual Report" came to hand yesterday. The situation you name would suit me well & I should be inclined to consider it favorably were it not located in the extreme South — I could not live in New Orleans during the hot Summers there & I can easily see that the Business Manager of your Institution there would need to reside there permanently or nearly so — I tried that climate once many years ago & found it not suited to my constitution.

I believe the work you are doing & are destined to do through the South will eventually prove to be the salvation of our Country & I wish you unbounded success — but I fear I am not the man to render you permanent service in that climate.

With thanks for your kind notice & favor

Miss D. C. Emerson,

Dear Madam,

Your letter of 27th inst., received to-day, is somewhat of a surprise to me, as I supposed, from the conversation at the Rooms when I was there, that I was authorized to go on in a definite line of effort towards the enlargement of the work in Wilmington.

I understood that a lady Principal was to be allowed me who would be able to carry the discipline of the school alone, so that I might be more at liberty to attend to other matters contingent upon the enlargement of the

work. I send specimen cards of those I have just had printed. I have acted upon Pro. Shirley's suggestion of making an appeal to persons outside of the circle now interested in our work. You will see by the cards that three classes may be reached, — those favoring school, church, or industrial work, respectively. I have already been before the N. H. Unitarian Conference, and have addressed the members of the Legislature, and the Grangers, and have talked with leading Universalists, hoping in all this, to create an interest in the public mind which will respond when the cards are presented by individual effort.

I intended to follow this up in Sept. when people are at home from vacations, but shall do nothing further till I learn more fully the wishes of the Assoc. I wish to ask a few questions before replying to yours. Am I to understand that the $2.000 is what the Assoc. will appropriate, exclusive of tuition, sales of clothing and those gifts from personal friends which are not likely to come otherwise into your treasury? Or will these sums be deducted so that only $2.000 shall actually be spent at Wilmington?

Your outline of plan does not mention any outlay for buildings. Am I to infer that there will be no appropriation for a chapel?

You say Williston School is

an exception in the no. of teachers allowed, but I do not see how that can be, and at the same time have the total cost of school limited to $7.000, as that, by your schedule, contemplates only two teachers. Miss Warner and Miss Fitts are not in condition to give their salaries another year. Miss Gay will not return as music-teacher. If she is there at all, she will go as my wife, and will assume the duties of Matron and Missionary. If it is definitely settled that the duties of Pastor and Principal of the school are to be so united as to require my presence in the school room as teacher & disciplinarian, I should not be willing

to try to fill the position, as I feel that I could not succeed in doing either duty satisfactorily. It is the opinion of experienced workers in the field that the friction of school discipline unfits one for the best pastoral work.

On receipt of answers to the above enquiries I will return an early reply to your questions.

Yours respectfully
D. D. Dodge.

Miss D. E. Emerson,

Dear Friend,

Your letter of July 31st. was received just as I was leaving Nashua. In reply I would say that with the appropriation of $12,000 as you explain it, and what I can gather from outside sources, I am willing to go on with the work at Wilmington. I particularly desire that Mr. Strieby furnish me with a lady principal who is a good disciplinarian and a musician, as I expressed to him when I saw him. If Miss Wagner, Miss Fitts and Miss

Moore should all return with me I will undertake to make up the deficiency. If the Industrial work is pushed as it should be they will all be needed.

Letters may be sent to me to Nashua as usual.

Yours respectfully
D. D. Dodge.

Sir,

I sent you a letter July 31. (with a stamp inclosed) relative to teaching under the Miss. Ass. at the south. As I have received no reply, I think perhaps it may have failed to reach you. Have you any vacancies to be filled? I desire a position as teacher the coming year. Have been engaged in teaching for many years in the public schools of New Hampshire, was a year at the west. I am a member of the Congl. church in Mason of which

The interest on the Bond, which I hold from the Ch. Ch. Association, due Aug 2 has not arrived. And as I have previously received it within two days after it became due I fear that it may have been miscarried

Knowing the the low state of your funds I should prefer not to take any interest if I could do without it, but it a necessary part of my support.

Dear Sir.

Yours of the 8th & 24th ult are rec'd. I exceedingly regret that I shall not be able to attend to school duty. I have been obliged to confine myself to church and S. School work, local and instrumental music, to which I attempt to give a portion day after day. I become hoarse and pain my throat for singing. As Prof. Hale wrote he should be glad to know that I would accept the position I formerly had the coming year. I got the impression only music, church & S.S. work at Memphis. While at Macon you wished a teacher for school duties. May the blessing of God rest upon the A. M. A.

Dear Bro.,

Yours of 4th inst. is received, in regard to the salary of Miss Moore for June and July.

It being necessary for me to come North in May to attend Conventions with the view to canvass, I left Miss Moore in charge, feeling it necessary that some one be responsible for the church and S. S. work. The day school closed with end of May, but I thought that it was proper that Miss M.'s salary should continue, in view of the

responsibility, — and as
she was the only salaried
teacher we had last year,
I did not think you
would object to paying
her salary for the two months.
If, however, you do, I will
pay it myself.

Please let me know
which way you decide;
also please inform me
at an early day what
arrangement you
have made for teachers
for the station.

Yours respectfully

Rev. Mc. E. Strieby,

Dear Bro.,

I have seen Miss Lucy P. Goodwin, and am rather favorably impressed — if there should be a lack in anything I think it will be more in strength and decision. but I should judge there was great persistency. She has concluded to accept your offer.

As to her sister Julia, from all that I can learn I should not judge her to be a thorough disciplinarian but might

do well in the class room.
In regard to music I should
think her more ready
than accurate. although
her friends regard her
as rather superior in
that department.
I have had a line from
Miss Fitts. There is not
much improvement in
her health — & the question
of her return is yet un-
settled.
Do you wish to have me

I should like to go South the present year as a Freedmans teacher and write to you by the advice of Rev James Hubbell of the Congregational Church here.

Am twenty years of age, a member of the College Church in Hanover, and was educated in High School and Scientific Department of Darmouth College.

In entering on the work I should have valuable advice from a lady in my family who was in the field five years, part

of her time at what is now I think the Shaw Institute Raleigh N. C.

Can bring recommendations from Ex Prest Smith of Darmouth and other teachers or refer you to Prof Parker Hanover and Ex Gov Goodwin here.

Rev. M. E. Strieby,

Dear Brother: $100—

Enclosed is a check for $100 — a thankoffering from Mrs. S. + myself for God's signal and various mercies the past year. Mr Dodge of Wilmington N.C. is trying to have the good people of New Hampshire put a memorial building at his place. If the thing is to be done we want this money to go for that purpose. We know nothing of the present state of the matter and are willing to entrust it to you. I had the check payable to you for I could not remember the name of your Treasurer. This is a very faint expression of the interest we feel in this matter, but it is as much as we can well do just

now. We feel that the work of the A. M. A. is before all other missionary work for American christians now

Our names must not be known in connection with this gift, nor the name of the place. Put it "from a friend in N. H." We are willing Mr Dodge should know it if secrecy is enjoined upon him. We feel a deep interest in him personally.

We shall do what we can for the Association. But I am out of health — have done almost nothing for a year or more, and am not able to do anything at present. We have one son in Amherst Col and one in Phillips Academy, so we find use for a good deal of money, and I am receiving no salary

Mr. Hubbard

Dear Sir

Please to find enclosed a check for forty dollars for the Freedmen. I would like to have it constitute my son Richard Banfield a life member of the Am. Miss. Ass. I would like to have one dollar of the forty taken to pay for yr. magazine (two copies) one to be sent to the address of my son I will give below, & one to my own also, which I will give.

I regret that my income being so much diminished makes it impossible for me to do more this time.

I have missed yr. magazine, which you sent me last year a few times

It is my hope that next Jan. if I am living I can help the ass. by a larger contribution.

I have rec. the Magazine & Reports for Jan.

after I sent you in Jan. Sixty dollars but which ceased coming several months since. Perhaps because we changed our residence in May from Washington to this place. Wishing you good cause the greatest success & hoping that both the magazines will reach regularly the designation mentioned

You request that the readers of the A. Missionary send 50 cents for the paper. As we have no scrip now, I cannot very well send that amount. The first Sabbath of this month a contribution was taken here for your Society, and I contributed two dollars, fifty cents of which I designed as pay for the paper, thinking if I gave this notice, it would be all the same as though I sent it to you myself.

Rev. & Dear Sir

Please find enclosed one dollar for the American Missionary for the ensuing year. I have been waiting several weeks hoping to get others to send with me for this good paper, but age & infirmities prevent my going out into the streets to see and solicit as I have done in former days, and those I have opportunity to see are so indifferent I am discouraged. Since the emancipation proclamation I have been interested in the cause your society have been so faithful in carrying forward, and have tried to do what I could with limited means to help. I have never belonged to any society engaged in this good cause, and have never kept a record of what has been done, indeed there has never been interest enough in this place to get up a society. Republican town as it is, in sixty three I think I commenced to beg from door to door for the poor suffering colored people, by the help of God I succeeded in collecting seven bundles of clothing and ten dollars in cash that year

and that is the last I can recollect. except that I continued in the same way for seven years I am seventy five years old have always been a Methodist. but I have been favored with reading the Annual report of the American Missionary which your Society have kindly furnished me with which has kept my heart aglow with love for the cause, and those that favor it. and I feel sure if all the Churches had done as much for this cause as yours our that there would have been much suffering prevented and our Country would be saved the fiery ordeal through which it is now passing, but your time is too precious to spend reading my scribling And I will close by thanking you kindly for sending me so much unpaid for reading My husband is older, more infirm than my self but he enjoys reading your paper and I hope we may be able to take it as long as we live.

Mr. H. W. Hubbard,

Dear Sir, Several years since the Officers of the A. M. Ass^n sent us a large package of the American Missionary with the idea of giving information & every month I have written names on them & sent them to our people through the Post Office. The prejudice against the colored people still exists & how to remove it is the question. When I know they would not be read I would not send them. I feel now that 10 copies or even 6 would be enough for me to distribute with profit to the cause. Some of these people feel deeply for this cause & I myself feel a personal interest as our only

son & only child gave up his life in Prison Salisbary N.C. Jan. 5. 1865. Some hope the whole South will be redeemed from all sorts of bondage & receive the gospel on the true standard. We keep giving line on line & pray that all may learn to do to others as they would that these should do to them; The Bundle of 25 is large & the last one was broken open & a cord tied around. Will it not be well to send 10 or less? We are a small Society & congregation.

Most truly Yours James Holmes

Rev. M. E. Strieby.

Dear Sir:

I write to solicit through you an opportunity to teach in some of the higher institutions of the American Missionary Association in the South. I graduate from Dartmouth College this summer and am confident I shall be competent to instruct in any of the branches ordinarily pursued in collegiate institutions. Would like to become a professor.

My motives in applying to the Association are, perhaps, not so purely missionary

as they might be, for I am desirous of obtaining employment as well as an opportunity to elevate humanity. Also I would relish the freedom and prominence for which I could hope in a young and growing institution in a new field better than the perhaps higher salary which my services might bring me in New England. Still I can say that the work is one in which I have taken a deep, and as far as I was able a pecuniary, interest.

Regarding my intellectual qualifications I would refer you to the faculty of Dartmouth College; regarding my moral, to the same, and particularly to Rev. E. C. Cogswell, Principal of Northwood Academy, Northwood Centre, N.H., under

whose immediate instruction I fitted for college.

I would prefer to teach mathematics. Of my qualification to teach in that department, Prof. E. F. Dumbly, of this college can speak. Would next choose the natural sciences. Could also teach French, German or Bookkeeping.

If you can get me a position to teach at a reasonable salary in the South, or give me any information which will help me to obtain the same you will oblige.

Truly yours,

John M. Mosel,

Dear Secretary,

I herein enclose a little of the Lords money to help forward the work of the Lord at the South & the cause generaly in which the A. M. association is engaged.

It is as good time as ever to lay up treasure in Heaven.

I think I know the meaning of the precept of our blessed Lord, Give and it shall be given you, good measure pressed down & shaken together & running over shall men heap into your bosom

May the good Lord bless the cause of the Association generally.

I think with you that the Great Battle of Armagedon is about to be fought in this Country

Rev. M. E. Strieby,

Dear Bro.

I submit the enclosed letter as a report of the year's work. You may use the whole, or parts of it, in any way you think best. Am sorry for the unavoidable delay in sending it.

In regard to our needs for the coming year, - the most imperative will be two able teachers, competent to carry the school to that degree of perfection which you desire. One of whom, at least, must be able to carry the discipline without flinching. If they are musical, all the

better, but the ability to handle the discipline is of prime importance. The idea of permanent continuance in the work is also desirable.

Please hand the enclosed list of names to Mr. Hubbard.

Rev. M. E. Strieby,

Dear Bro.

Your letter of June 7th is received. In reply to the request for a list of furniture of School and Home, I would say that I have no material here to make it from. If I had kept a copy of the list I sent you last year I could easily do it, as there has been no change except to make good certain small articles worn out.
Will not the list you have answer the purpose? If not, I will send to Miss Warner to make out a new one.
Please send me a postal card if you wish it done.
The financial summary I enclose. As the first month, Oct, was not itemized in the

same way as the others, there is an error in the footing of each column of Family Exp. except the Total. I cannot remedy it, however, as that month's a/c was closed before the present method was ordered.

Yours respectfully

My Dear Friend.

Your letter of the 20th inst. with enclosed check was duly received.

I see the force of what you say in regard to all monies acknowledged through the Missionary.

If I receive funds another year to be expended for benevolent purposes, I will endeavor to have the receipt and disbursement of the same properly reported.

As Mr Hathaway has married a wife, that fact may be the "therefore" why he will have no

more funds to help "the poorest of the poor" at the South.

Many thanks for your kindness in writing me so fully.

With kindest regards,

Most Respectfully Yours.

Dear Sir;

I do not know whether you are in need of more teachers at the South, but I write, thinking that if you wish for more, I should like to offer myself for the work. I have attended Mt. Holyoke Seminary for three years, and with one or two exceptions I have taken all the studies of the first three years, also some of the Senior studies and French for a year.

If you would like to make any inquiries concerning me, I will refer you to the teachers of the seminary, especially Miss Julia E. Ward, Principal, Miss Anna C. Edwards and Miss Frances M. Hazen: also to my pastor, Rev. J. A. Beach. I believe you have several times met my father, Dea. Isaac Rand. Please let me know your decision as soon as convenient.

Dear Sir,

When with my sister, I called at the rooms. We had not the pleasure of seeing you. We remained a longer time than we at first intended in Brooklyn and have only within a few days reached our home among the hills. We would be very glad, if we can, to inspire our church-friends here with more enthusiasm with regard to the work of the A. M. A.

and with that ends in view we would gladly receive an. a the lately-prepared pamphlet on "Cottidges" or a Sunday-school concert exercise - Anything that throws light on the labors of the Assoc. will be very welcome. and we would probably be receivers if it should add any zeal to our labors. Perhaps I might ask these of Mr. Hubbard instead of yourself - I am not sure - If I am wrong please excuse the mistake - We enclose our bills which will close our account. and would like to inquire if the appointments have been made for the coming year. We would be glad to labor still in the cause if practicable - In the one year

we have been in the work we have become deeply interested in the colored people of the South to whom before we had known as little in reality. My sister, Miss Lucy E. Goodwin found herself quite worn down with the duties of Principal at Wilmington, N.C. and can not feel able to such a task just at present - but if any opening as recitation teacher should occur - would like to take it. My position the last year was music teacher in addition to being also recitation teacher - which is about what I should choose. This should not object to slight variations. Being so near the ocean, or some other cause gave me much of the time a severe throat difficulty, which

Rev. M. E. Strieby,

Dear Bro,

Yours of the 19th is received. You can do as you think best about appointing 3 assist. teachers. I have no doubt myself that the expenses could be brought within the appropriation.

In regard to Miss Julia Goodwin, – she was so situated that I am not able to form an opinion as to what she would do in a place of responsibility. She was exceedingly pleasant in the family, and I believe her to be thoroughly

good.
As to our returning to the field, we will do so if you really desire it. Perhaps we are unduly sensitive to the approbation of those under whose direction we work, but we have felt that there was at times in your letters a certain tone of disapprobation, but how much it implies we are not able to judge; but if there is a feeling of dissatisfaction it would be much more to our comfort that it be squarely expressed, so that we may know the whole of it, and where we are faulty, may mend our ways. If in your judgement

our places were better filled by others, we would wish to vacate them by all means, and at once, — for we do desire the best good of the people & success of the cause. We do not wish to be captious, and if the feeling expressed above is groundless, would be glad to know that.

Dear Bro.

Yours of 31st July received, for which I thank you. I am glad my fears were groundless, and shall return to the work with renewed courage and contentment after your expression of confidence.

In regard to the course of study at Wilmington, I found it impossible to adhere very rigidly to any set plan, for the reason that so many of our pupils are already teachers and only desire a little help during part of the year; also we do not control sufficient numbers to really grade the school as we would like to.

We mean to be thorough in common English branches. It is desirable that the Principal be able to Explain Book-keeping clearly, and sometimes a few Scholars appear desiring to take up higher studies. Of course we should like to meet those wants. But if the person to fill that place were all right otherwise & deficient there, I would rather refuse to take those few applicants than bar the way to a really good teacher. Last year our classes were confined to arith. Geog. Gram. & Composition, Read. Spell. & writing. We have at times had pupils in Algebra & Physiology. Book-keeping I regard as peculiarly needful for the condition of many of our pupils.

Yours resp.

D. D. Dodge

Dear Sir:

Your letters of the 9th forwarded from Boxford & Boston, and of the 16th were received Saturday. No one will rejoice more than my sister and I, if more capable instructors are to be sent to Talladega. We certainly need the very best. Does the present arrangement include one more lady than was intended when I was in N. Y.?

At the beginning of the summer it was stated that the new Matron would go south as

soon as possible and relieve my sister; please let it be done as early as is now possible.
Please make the arrangement directly with my sister concerning next year, as I fear I am doing her very poor service.
They are in great need of money at Talladega and some method should be found of sending them $100.00 at least. If necessary it might be sent to Mr. Ellis at Oliver signed over to Mr. Wheeler by him, & then sent south. It would be bad if the Yellow fever should reach them, or cut them off from communication, with out funds. They now are unable to fit up fruit because of lack of funds. I should be glad to

learn the addresses of the teachers when they have been decided upon.

Respectfully,

Edward P. Lord.

Dear Sir -

I desire to have my church become better acquainted with the work of your society & wish your excellent monthly was more widely taken -

It comes to Rev. C. E. Harrington But Mr. Harrington has gone to Concord N.H. & I am his successor. If you please change the address to Rev. C. E. Sumner.

Will you also send the monthly to C. E. Allen & to Mr. Hudson - We may have more subscribers soon -

Can you send me any pamphlets or give direction as to where I can get any

wider or more detailed information as to the work of the Association in its different departments.

Our agent visited us not long ago & we took a collection which we shall perhaps be able to make larger another year. I am responsible for the two names above.

Very truly yours,

C. E. Sumner

Rev. M. E. Strieby,

Dear Bro. —

Your letter of 2d inst. is rec'd. I am glad that the Principal of our school is selected, with so good a prospect of her filling the place satisfactorily. I would name as assistants in addition to Miss Warner, — Miss Fitts and Miss Lucy Goodwin, if they can be had. I think the work demands that number, and the appropriation warrants it, but will not insist upon it. We will do the best we can with one less, if you so decide. If these cannot go please appoint whom you think will do well. Miss Fitts' address is Candia, N. H. and Miss Lucy Goodwin's, Macon, N. H.

We have no cases of yellow fever reported from Wilmington. Would you advise beginning at the usual time or deferring

a little? Would like your opinion on this point soon.

Yours respectfully

D. D. Dodge.

P.S.

In case Miss Fitts is unable to return, I should not object to both Lucy & Julia Goodwin - but I should not advise the reappointment of either Miss Moore or Miss Auld.

My Dear Friend.

"Return mail" here in the country sometimes means, several days subsequent to the writing of a letter. I have just received yours of the 7th and make immediate answer.

I have improved in health much during the summer, and am fully persuaded I shall be "strong enough" for a reasonable amount of work in the southern field.

Unless Providentially detained for other reasons than my own health, I feel au-

thorized to say I shall be ready to report for duty when the roll is called.

I should not feel justified in accepting the position, were I not in firmer health than last year, and did I not feel reasonably confident of the requisite strength to stand in my lot and do efficient service.

With many thanks for your continued confidence, kindly sympathy and considerate solicitude for my health, I am,

Truly yours,

H. L. Fitts.

Mr. Stricby
Dear Sir.

I am very anxious to go to one of the Southern States as a teacher during the coming winter, and as I was one of your teachers to the freedmen for two years before my marriage, I thought it possible you might be able to give me a place in someone of your schools as soon as it is safe to go to the far South.

My chief reason for wishing to go at present is, that I have been left a widow with a little girl of five years, and since having the diphtheria two years

ago she has been much troubled with a cough during the cold season. Last spring she had the scarlet-fever, which makes one more than usually anxious about the coming cold season, although she seems quite well at present. As I have my son and her support to earn, I can go in no other way than as a teacher, and think I would take none the less interest in my teaching or in the people because I should go on her account. I have taught five years among the freedmen, two in Eastern Virginia and three in the Shenandoah Valley, the last year being in the Normal School at Harper's Ferry. I would like to go as far South as possible and if you can do anything for me I will be greatly obliged

You may possibly have some
slight remembrance of me as

of Hampton Va. Hoping to hear
from you soon

SUGGESTIONS TO ITS LABORERS,

BY THE

American Missionary Association.

The Association calls the attention of all who hold its commission, to the vital necessity of keeping alive and cultivating in their own hearts the spirit of missions, and of living in such nearness to Christ as to daily reproduce his life before the world.

Its work is one of benevolence and charity, and love to Christ and the good of souls, should be the ruling motives of those who enter its service.

The Association is seeking to establish churches, schools and Christian homes in the South, and it expects that ALL ITS LABORERS will give their time, strength and influence to promote these ends, and that they will cheerfully combine their efforts, and follow the lead of those who have special charge of the work.

Teachers will be expected not only to teach regularly in the school-room, but to exert everywhere, the highest Christian influence within their power. They are to remember continually that they are looked up to as models of Christian living, as well as model teachers. It is of vital importance that they should not feel that their duties are merely professional, to end with the class-room. They are sent in the name of their Divine Master to the perishing and sinful, and should never forget their sacred mission.

They will be expected to give their strength and influence on the Sabbath, as far as they are able, to the church or missionary work, as they do on week days to the school work. They will see the necessity of making our churches and the Sunday schools connected with them, models for the people to imitate. In this regard, they are expected to consult the interests of the great cause, rather than their own feelings, or even preferences.

It is of the utmost importance that the interest of the churches at home, in our work, be kept fresh, and if possible increased, and as nothing secures this better than direct communications from the field, it is expected that teachers will gladly consent to write to churches or Sabbath schools whenever requested to do so by the Secretaries.

The Association also hopes that all its laborers will, when at home on vacation, or at their posts of labor, *from their own love of the cause*, gladly and faithfully use all natural and legitimate means and opportunities of increasing the income and usefulness of the Association.

This circular is put into the hands of all who are laboring in, or desire to enter, the service of the Association. The suggestions seem to us eminently reasonable, and calculated to promote the interests of all concerned.

We hope they will be carefully pondered by all who bear, or who seek to bear, the commission of the Association, that they may fully comprehend the work to be done, and the duties expected of them. Certainly none should venture to assume these duties, who have not given all to Christ, and who are not willing to sacrifice for His sake. A work, finding its highest motive in the love of Christ, ought not to ask for laborers on any lower grounds.

Commending all who desire to labor for the poor, the ignorant and the sinful, to God, and to the word of his grace,

We are yours, in behalf of the

American Missionary Association,

Dear Sir,

In a letter recd last evening from President Bateman, of Knox College, he says you are wanting a Principal for "Avery Institute," Charleston, S. C.

I wrote to Mr. Bateman, who is an old friend of the family, asking if he could help me to a situation as a teacher. This was his reply.

I graduated in the last class at Yale College; am thirty-three years of age; have taught in the Public Schools of Cal. & afterwards two years in the Golden Gate Academy, Oakland, Cal. which latter place I left to come to New Eng.

to prepare for & to take my College course. I have had <u>no</u> <u>Normal</u> training. I am the son of Rev. N. C. Merritt, formerly of Ills. & later of California. I think I could fill the requirement mentioned by Dr. B. as to being a Congregationalist &c. I fully intended to continue my studies for the Cong. ministry, beginning next month in Union Sem. N.Y. City. But recent & unexpected events have compelled me to change my plans.

Had I known this earlier in the season, Dr. B. assures me "I could have helped you to a good place." As it is I am without any.

Should you still be in need of some one for that position, & think it worth while to consider my case, I should prefer that you go to New Haven & confer with Pres.

Porter, Prof. Bacon, Prof. Carter or other members of the Yale Faculty who know you, & who would be able to give me counsel which I think might help you, whether it did me or not. But I assure you I want no mistake made in this matter, & I stand ready to go only when I feel sure I am the man for the place.

As to my character &c. I would also gladly refer you to Prof. Geo. Moore of the Pac. Theo. Sem. or Rev. J. K. McLean D.D. of the 1st Cong. Ch. Oakland, both of whom were trustees of the G. G. Acad. when I taught there. If you wish to confer with me further on this subject, I will meet you in N. Y. City at any time you will name. I only ask that you do not send for me till you feel that I would be justified in going so far at this time.

I will only add, that I have always

enjoyed the work of a teacher, & would wish that there be a possibility of permanence in any position I might take. Otherwise I prefer to struggle on into the ministry as soon and as fast as possible.

I am, Very truly Yours,

W. C. Merritt Jr.

Dear Sir.

I have been quite stirred with the letter of Gen. Armstrong in the March No. of the A.M. regarding the Indians. I have been questioning whether I could not do something here toward educating them. I have a plan wh. I wish to submit to your criticism - Perhaps if I knew enough I should see that it is impracticable, I have prayed over it & have finally decided to ventilate it to see if it will live.

There is a house within 5 rods of mine & my church wh I think I can procure in wh. to set up a school for Indian girls. It will accomodate about 10 for board, lodging & school room, Could I get ten I think I could make the 150$ her. capital wh the Dept. pays bear nearly the whole expense of teacher board & clothing. The rest perhaps I could solicit from friends - My parish I think would have no objection to my superintending such a school. Perhaps I should need to work under the direction of the Asso.

Please write me whether I understand Gen. A. & whether such a plan would be practicable

Very truly yours

It is my duty through you to communicate to the American Missionary Association the following Resolution which was unanimously passed Oct 12, 1882, at Center Strafford, N.H. by the New Hampshire Christian Association at its Sixth Annual Meeting:

Resolved, That in view of the anti-Christian character and pernicious

tendencies of oath bound orders of secrecy and the special exposedness of American freedmen to their dangerous snares and allurements, it be requested on the part of this Convention that the American Missionary Association at its forth coming Annual meeting at Cleveland, enjoin it upon all the missionaries and agents of the Society throughout the South to discountenance such secret societies and to make known to the Freedmen the incompatibility of the false worship and pagan ritual of Free

Your favor of is received. Before acting on any application, our Executive Committee will need to receive the following documents: namely,

1. A statement of your full name, age, and occupation, whether married or single; if married, what family you have; a statement also, of what have been your educational and religious advantages, your reasons for choosing this work, your expectations as to pay, and the length of time for which you wish to engage.

2. A certificate of moral and christian character, and of membership in good standing in a Freewill Baptist Church, signed by the pastor and clerk, or by the clerk and deacon, if the church has no pastor.

3. A recommendation of your fitness for the particular sphere of labor you seek, signed by at least three ministers of our own denomination, or other competent persons.

4 If you have taught, send certificates of your success. If a minister, state where you was ordained, where you have preached, whether now a pastor or not; if a pastor, of what church.

Ministers or teachers, commissioned by us, may have their salaries paid by friends, committees, churches to which they belong; any society auxiliary to this or other bodies. All who engage in this work are expected to do so from motives of benevolence, and hence to be ready to make some sacrifices.

In general, we shall pay the travelling expenses of our missionaries and teachers, both ways, furnish them rations and shelter, or board, and pay them besides, as salary—female teachers, $10 per month,—missionaries and male teachers from $12 per month upward, as their circumstances, families, &c., may require.

The committee, in general, will not engage any for less than six months at a time

Dear Sir The reason of my sending the enclosed it contents will explain Will you please send it to Mr Barlow. I have circulated your little: Stewardship: and at last left it in the hands of Mr Russell who promised to hand it to Mr Burnham one wealthy men, and I am in hopes it will do good I am much surprised at Mr Rev. Wm R Jewett A few years since I heard from him in the pulpit and the monthly concert such language against Slavery as led me to hope better things here It has ever been my opinion, that if the Con. church had taken the stand which God requires, if I understand the Bible, N P Rogers would never have promulgated such principles The consequence are too sad a picture for me to dwell on Here are the children of a deported sister whose father was a brother of N. P. R. and who thought more of his brother's writings than his Bible

My letter contained I thought it fitting to pray for him in her last hours, but I cannot learn that he gave a word of warning to to his children. The daughter of another deported, who I trust is now in heaven, was the wife of a man who is a universalist because so by her mother being excommunicated from the church in an adjoining town during the Antislave excitement in had away by her husband. This was in her last sickness and if I am rightly informed, not from any reason that would exclude her from heaven.

Will you please to send me another of those tracts. Excuse these remarks from a stranger for I am aware you are not a stranger to all that has transpired in the vicinity the past year. I direct this to you because so many of my letters have failed to reach the Free Religious House of I. Yours with respect

Dear Bro

Our S.S. Missy Assn voted yesterday to continue Miss Lilla A Wild's salary for another year, should you commission her as teacher among the Freedmen. I rec'd during Aug a letter from Mr. Barnett (if I have the name right) Supt of colored schools in Augusta last year, in which he highly commended Miss Wild and hoped we would send her again. She is ready to start at short notice. Her address is Bradford Vt. Care Dr. R. H. Wild.

Very Truly Yours

John H. Edwards.
